Dear Mr. Webster:

I do want you to know of the excellent work performed by Special Agent [redacted] of Miami, Florida in connection with a bank case involving [redacted] formerly of the Royal Trust Bank at Coral Gables, et al. The case was a complicated check kite as well as bribery of the Bank officer.

[redacted] ability in getting the necessary evidence and his determination in seeing that appropriate action was taken by the U. S. Attorney's office in the face of constant personnel changes is the only reason the case was brought to a successful conclusion.

[redacted] work in the Royal Trust Bank case was a pleasure to observe. He did truly carry on in the tradition of the Federal Bureau of Investigation and I do want to commend this young man for his excellent work in this case.

With best wishes,

Sincerely,
Carmine S. Bellino

Dear Carmine:

Thank you for your note of August 8th concerning my interview on "Face the Nation." I am always pleased to get some feedback whenever I make a television appearance such as this since it is sometimes difficult to personally judge how it went.

I appreciate your concern regarding my health and feel sure the operation I had Monday will prove effective.

With kind personal regards,

Sincerely,

Clarence

Hon. Clarence Kelley
Director,
Federal Bureau of Investigation

Dear Clarence:

You handled your appearance on Face The Nation today, admirably. It takes a man with guts who is willing to appear on such a program at a time such as this - with all of the investigations underway of the FBI. Congratulations on your sincerity, straight forwardness and honesty in doing your job.

Obviously, it pains me to learn of my former FBI Associates being investigated and the sudden departure of Nick Callahan, in the midst of all this, a man in whom we have the utmost confidence, is distressing.

I was sorry to learn that your back problem will require an operation and I hope when it is done it will correct the situation.

With warm regards and best wishes,

Sincerely,

Dear Mr. Bellino:

I have received your letter of March 5, 1945 submitting your resignation as a Special Agent of this Bureau and you are advised same is being accepted effective at the close of business March 7, 1945, active duty to cease at the same time. Payment will be made to you for 73 days annual leave to your credit which will expire June 1, 1945 providing no additional leave was taken by you for which you have not been charged. This payment will be made at the rate of \$5000 per annum plus overtime and on the basis of a 48 hour week.

In the event you desire to be reimbursed for the deductions which were made from your salary for retirement purposes, prior to January 24, 1942, it is requested that you execute and return to the Chief Clerk's Office the enclosed Application for Refund of Retirement Deductions. However, it will be noted from United States Civil Service Commission Form #3910, which is also enclosed, that it is to the advantage of an employee who has been in the Government service for a period of five years or longer to allow contributions to remain in the retirement fund.

For your information, deductions will not be taken from your salary for retirement purposes subsequent to the date you cease active duty with this Bureau.

I want you to know it is indeed with regret I accept your resignation. However, I realize personal matters must sometimes take precedence and I fully understand the reason why you are leaving the service at this time.

In accordance with your request, there is enclosed a statement indicating your availability for other employment.

He advised Agent that the applicant can be depended upon to handle any type of accounting work alone; that he has been engaged in various types of accounting work and is fully capable of handling engagements alone. Mr. Dougherty stated that the applicant has received several increases in salary since coming with his firm; that he has been a valuable asset to the firm and that he personally will consider it a loss to the firm if the applicant leaves their employ. Mr. Dougherty advised that due to business conditions in recent months it was necessary to reduce applicant's salary, but that this in no way reflects upon the applicant's ability. Mr. Dougherty described the applicant as being approximately 28 years of age, tall, slim, dark, of very good appearance, and stated that he has a pleasing personality.

Dear Sir: Re: Suggestion for filing Bureau Bulletins

The Bureau Bulletins which are forwarded to each Agent usually contain information of such value that agent desires to retain them for future reference.

In such instances, it becomes necessary to thumb through sundry bulletins in order to locate the information desired. Since many bulletins are related and give advice and suggestions in connection with Bureau investigations, it is suggested that each bulletin be given a number in line with our classification of cases in addition to the Division Bulletin No. already carried thereon.

For example, the bulletins containing information re investigations of War Risk cases would bear the designation 82-1, 82-2, etc. Agent may then file these bulletins according to class number and it is believed quicker and better use could be made of the information contained therein.

It is further suggested that a brief statement be placed just above the first paragraph of each bulletin containing information in reference to investigations, which will clearly show the contents of each bulletin.

It is understood that after the bulletins are carefully read and contents duly noted that they should be destroyed. However, it is found that this is not always advisable and accordingly when one desires to refresh his memory on a point more clearly explained in a bulletin, an agent, knowing the subject could immediately turn to the particular classification.

Dear Sir: Re: Stolen automobile license plates

It is noted that fugitives or someone contemplating a criminal act, usually steal a car or else steal the license plates off a car so as to avoid immediate capture while in flight.

It is believed it maybe of material benefit if the respective Field offices had knowledge of the auto licenses stolen in their district and if such a list does not become too numerous and cumbersome each agent should be provided with the numbers of the auto licenses stolen.

Agent does not have any knowledge of the total number of auto licenses stolen all over the country. However, it is believed that if the respective State authorities co-operated in reporting either to the Bureau at Washington or to the nearest Field Office whenever an auto license is reported to them as stolen, that such information may possibly lead to a quicker capture.

Dear Mr. Bellino:

Further reference is made to your letter of June 21, 1935, submitting a suggestion which you believed might improve the efficiency of the Bureau's work.

Serious consideration has been given to the suggestion offered by you, but I desire to point out that the adoption of your suggestion would result in the Bureau's receiving information concerning the theft of a great many automobile license plates in all sections of the United States, of which but a comparatively few would relate to cases within the Bureau's investigative jurisdiction.

I feel that at the present time, it is unnecessary for the Bureau to adopt your suggestion, since it is possible for the Bureau in individual cases where the Bureau is interested in a particular automobile or set of automobile license plates to make appropriate inquiry through the interested police department or through the State Bureau of Motor Vehicle Registration for the purpose of obtaining all pertinent data concerning the particular license plates involved. This latter procedure eliminates the necessity for receiving, searching and filing information concerning the tremendous number of stolen automobile license plates which the Bureau would receive under the adoption of your suggestion.

Please accept my sincere thanks for your courtesy in affording the Bureau the benefit of your ideas in this matter.

Sincerely yours,

Dear Sir:

I desire to submit the following suggestion for
your consideration.

In connection with investigations of violations
of the White Slave Traffic Act, it is suggested that agents
searching a house of prostitution should undertake same
systematically and methodically, similarly to the searching
of a house in connection with any other violation investigated
by this Division.

The agents searching should be required to make
notes of the contents of each room, and list all articles
removed showing the exact location from which removed. The
articles should be immediately placed in envelopes.

A number should be placed on each letter, memoranda,
book or article removed and same should agree with the num-
ber on the list. If two agents are searching a house, one
agent should be told to use numbers from 1 to 199 and the sec-
ond agent should use numbers from 200 up.

If more than 2 agents search a house, the addition-
al agents should be allowed to use numbers in groups of 200 or
depending upon the area to be searched.

It should be borne in mind that important letters or
telegrams may be as carefully concealed as \$1,000 stolen bonds
and also that torn letters when pieced together may be of great
value and be perfect corroborating evidence.

It is also important to segregate the victims from
the defendants and no opportunity should be given for them to
converse.

Respectfully submitted,

Dear Mr. Bellino:

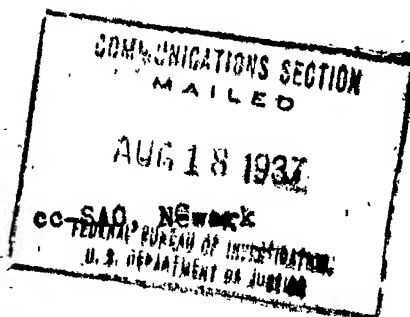

With further reference to your letter of July 11, 1937, submitting a suggestion which you believe might prove beneficial to the carrying on of the Bureau's work, I desire to inform you that appropriate study and consideration have been given to the suggestion submitted by you.

Relative to your suggestion as to a systematic and methodical search of houses of prostitution in connection with raids conducted in such houses, together with a systematic listing of the contents of each room and an indexing of all articles removed from the house, you are advised that I am of the opinion that all searches, regardless of the type of investigation, should be systematic and methodical and that, of course, a proper index and record should be maintained of all articles taken by Bureau Agents. I desire to advise you that this matter will be discussed at the forthcoming Special Agents in Charge Conference in Washington.

I desire to again thank you for your courtesy in affording the Bureau the benefit of your suggestion.

Sincerely yours,

Dear Mr. Bellino:

I have been informed of the initiative which you have displayed in administering the Bureau's bankruptcy investigations. In several instances U. S. Attorneys who have repeatedly declined prosecution have, because of your interest, advice to the Field, and discussions with Department officials, reconsidered the cases which ultimately were successfully prosecuted.

Your painstaking and zealous service has added materially to the accomplishments of the Bureau, and I want to express my personal appreciation for the excellent manner in which you have performed your duties.

Sincerely yours,

MEMORANDUM FOR MR. TOLSON

Re: SPECIAL AGENT CARMINE S. BELLINO
EOD 3/19/34
Salary - Caf-12, \$4800.

This Agent has been assigned to Division Six since April 9, 1939.

I consider this Agent to have exceptional ability as a supervisor. His painstaking and thoughtful review of all bankruptcy reports in the supervision of his desk is replete with instances of sound judgment and conscientious, intelligent effort to perform an excellent job. The results obtained on the Bankruptcy Desk, I believe, are solely due to his efforts, and the constant stick-to-it-iveness of this Agent has created an impression in the field of the importance of bankruptcy work which has resulted in substantial increases in our bankruptcy efforts.

I consider him to be one of the best supervisors in the Bureau.

Respectfully,

Reference is made to Mr. Rosen's memorandum of June 5, 1943, concerning the above-mentioned Special Agent, wherein he recommends that Agent Bellino be considered for a meritorious promotion. There is attached hereto a summary of the file of Special Agent Bellino.

I have spoken to Mr. Tamm concerning Mr. Bellino's work and have been advised that he has done an outstanding job as supervisor of bankruptcy cases and that he has fought all the way down the line in the prosecution of such cases, many of which have resulted in conviction which would otherwise have been passed because of the reluctance of the U. S. Attorneys to prosecute.

I feel that in view of the limited authority in the uniform promotion law to grant administrative promotions the manner in which Mr. Bellino has performed his duties warrants his being considered for a meritorious promotion of \$200 at this time. If any question is raised on a promotion of this type, I believe that we could point out that the manner in which he has supervised the investigation of bankruptcy cases is over and above what would be usually expected, that even though there have been times when the prosecuting officials in the field felt that no prosecution should be had, due to his thorough knowledge of the bankruptcy statute and the care with which he supervises these investigations he has been successful in having the Criminal Division of the Department order prosecution which many times results in conviction. I therefore recommend that the promotion recommended be approved.

Respectfully,

Dear Mr. Bellino:

Tomorrow marks your Tenth Anniversary with the Federal Bureau of Investigation, and I want to take this occasion to express to you my sincere and hearty congratulations. It gives me great pleasure to present to you the enclosed Ten Year Service Award Key.

During your years with the Bureau you have seen it grow tremendously in size, assume ever increasing responsibilities, and achieve a high degree of success. This growth would not have been possible without the diligent efforts of our employees. I know that you contributed much hard work and many personal sacrifices to the advancement of the organization. I should like you to consider this key as a manifestation of how deeply I appreciate your steadfast loyalty and devotion to duty throughout the years.

It is my sincere wish that we will continue our association in the Federal Bureau of Investigation and that I will have the pleasure of making additional awards to you upon subsequent anniversaries.

With all good wishes,

TO : MR. TOLSON ✓

DATE: March 5, 1945. *W*

FROM : MR. GLAVIN

SUBJECT: C. S. BELLINO
Special Agent

I spoke to Agent Bellino at which time he advised me that he has submitted his resignation. Bellino told me that he is still having considerable difficulty at his home, that Mrs. Bellino is not better, that her mental condition is just about the same as it has been in the recent past, and he feels he cannot impose on the Director and the Bureau any longer for special considerations in order that he might take the proper care of his wife. Bellino is going to try to see the Director before he leaves.

Bellino stated that it would be necessary for him to find some work in Washington for the time being, that he may inquire at the Court of Claims to see if there is anything there, that he does not know just what connection he will make but that it will be necessary to make some connection in the near future.

Bellino seemed to be broken up concerning his leaving the Bureau, but he felt that it was absolutely necessary to do so in order that he might give the proper care to Mrs. Bellino.

CARMINE S. BELLINO

EOD 3-19-34

As Chief of the Accounting Unit, Mr. Bellino has effectively carried on closer supervision of the accounting phases of the Bureau's work in the Field. He is enthusiastic about his work in the Bureau, performs considerable overtime, and is constantly striving to better the performance of our accountants. He initiates programs on his own initiative and in his present capacity I consider him an excellent employee.

Bethesda, Md.,
March 3, 1945.

Mr. J. Edgar Hoover,
Director,
Federal Bureau of Investigation,
Washington, D. C.

Dear Mr. Hoover:

For the past eleven years it has been my good fortune to have contributed some small part to the accomplishments of the Bureau. During this period the Bureau has achieved an enviable reputation throughout the world in law enforcement work and nothing would please me more than to be able to continue indefinitely with the Bureau.

As you may know, I have had distractions at home and additional demands upon my time which I do not perceive to become less in the future. It is almost imperative that I find a position which is less exacting than my position in the Bureau. While I am reluctant to leave an organization I so admire, I feel that I owe it to my family to consider their demands. Accordingly, it is with deep regret that I submit herewith my resignation, effective at your wish. I trust that you will understand my position and that a release will be granted to me.

I wish to thank you for these my considerations which you have afforded me during these past years and I want to assure you of my continued admiration.

Respectfully,

Carmin S. Bellino
